

**Preliminary information about the TVRCC event of the Summer!**

**Dates: Friday 25<sup>th</sup>, Saturday 26<sup>th</sup> and Sunday 27<sup>th</sup> June 2010.**

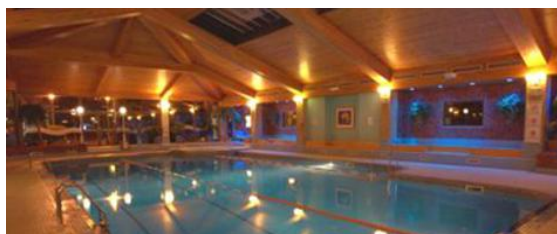

Dear TVRCC ROs

We weren't satisfied with last years event so we sat down and did something about it. 2010 sees ROAR reborn as an **all model** event, designed to deliver a weekend of fun, frolics and competition...with maybe a few beverages, good food and some unforgettable driving routes thrown in.

We have prepared this letter to give you and your region an early flavour for the events and structure of the weekend. We hope that you will be as excited about ROAR 2010 as we are and can pass on an enthusiastic message to your fellow regional TVRCC members!

This year we are aiming our sights higher than we have ever done before and are in full flow planning a weekend that will draw TVR specialist exhibitors and TVR enthusiasts from across the land. We already have a long list of exhibitors that have confirmed attendance and an even longer list of exhibitors to contact on our 'to do' list.

This year we're back at the Moorside Grange Hotel in Stockport, on the edge of the peak district. This is a wonderful hotel and location. The management have given ROAR a block booking for the weekend and have given us free use of the Hotels facilities and grounds. For those who want to relax or get some much needed pampering the hotel includes a luxury Spa and fitness centre! For those of you who want to be entertained we have something a little different for you!

We've all been to car events where you end up kicking tyres and not doing much else. Well you will find it difficult to find time to kick tyres at ROAR 2010. Our exhibitors are working with us to plan and run special events and activities for everyone to watch and/or take part in to keep you entertained throughout the weekend.

We are planning to hold a swap shop, to enable people who have unwanted TVR parts lying around in the garage to sell them to people at the show. The idea is that people donate some or all of their profits to charity.

This year sees the inauguration of the ROAR CHALLENGE. This is an event where teams of like minded TVRCC members from the regions (7 per team), get together for the duration of weekend to participate in a number of light

hearted events and challenges. These events will involve driving, shooting, strength, accuracy, team working, problem solving and TVR related activities. The team who collects the highest combined score will have the honour of lifting the first ROAR CHALLENGE trophy!

As well as the team based challenges there will be a number of events open to individuals. These will include, but are not limited to:

- A car photography competition
- A concourse competition (Judged by Classic Car Magazine)
- A 'Most Modified' competition (Judged by Classic Car Magazine)
- A 'Most Used' competition (Judged by Sprint Magazine)
- A treasure hunt (just an excuse to enjoy the fabulous local roads and scenery!)
- Others to be confirmed

Obviously we are in the early stages of planning, but we are hoping to add details of the challenge and things to do over the weekend on our new ROAR web site: [www.TVRROAR.co.uk](http://www.TVRROAR.co.uk)

If you want to lead your Region and put together a team of 7 to step up to the ROAR Challenge, then please send Angus an email to confirm your interest ASAP, and if possible, the names of your team members. Please register early to avoid disappointment. (We have a limit of 15 regional teams).

We will be updating our website regularly in the months leading up to ROAR 2010 so keep your eyes peeled for new information about exhibitors, ROAR CHALLENGE events and general details about the weekend.

Best Regards,

Angus MacDougall & Martin Pett

p.s. Whilst the web site is still under construction, here is a preliminary schedule for the weekend. We will also be publishing information in SPRINT in the next few months.
